We Dedicate this Yearbook

Because they are all that Americans should be, because they have lived and died as Americans, loving freedom even until the last breath has issued forth and the valley of the shadows has claimed them; because they stand as courageous and mighty missionaries of peace in far-away lands where heathens dwell; because they are our heroes in our fancied hall of fame, because they have and are continuing to dedicate their lives to the birth of a new regime on earth; and because they grew out of these familiar walls and halls, we, the Radonlan Staff, proudly dedicate this edition of the Commencement Special to

**FORMER JONES COUNTY A. H. S. AND
JUNIOR COLLEGE STUDENTS WHO HAVE
ANSWERED AMERICA'S CALL**

FOREWORD

Sometimes you may open the covers of this edition of the Radionian—some-time in the far future, when the world is at peace again and this badly torn earth is righted on its axis and its wounds are healed—and you may be taken in fancy back to the school year of 1942-43. You may see the ole Administration Building with the idle students about the doors and corridors; you may have another picture of 'Ole Glory' as she waved proudly in the air and adorned the campus so impressively; you may see the one-time C. P. T. boys in formation and hear curt com-mands; you may see the dear little fish pool with its constant circle of friends, and you'll probably witness the 'planting' of an unusual 'fish' or two in its peaceful wa-ters; you may hear musical sounds from somewhere on the second floor; and a plane may make its way slowly above the buildings; and you may see girls and boys alike doing calisthenics, getting ready for a big part in the winning of peace. And, dear reader, you will have again the picture of a year of war at J. C. J. C. You will have a fairly visible picture of the combination of the usual peace and the natural trend of things with the added elements of war.

We are but fortunate children of war; we've been granted even so much peace and security while great ideals upon which this America was founded were im-periled. Albeit, we were preparing for a part in the great drama of submission to domination and the mighty struggle for justice and equality for all men alike. When we began the school year we volunteered for services in the various war commit-tees which the administrative officers established. Those committees were set up with regard to Consumer Interest, Patriotism in Assembly and Club Programs, the Sale of War Bonds and Stamps, Air Raids and Fire Drills, Community Program and Sal-vage Conservation, Health Service and First Aid, Military Moral, Contact with For-mer Students in Service, and Public Relations. By serving in them we realized some of the tragedies of war and wanted eagerly to do our part on the home front. We became a "School at War," and we fought a hard and victorious battle. We were getting ready, but all the while we knew that on Guadalcanal, the Solomons, in Tu-nisia, and on many other battlefronts our brothers and sisters were giving in and at the same time "shelling out" to the enemies. We kept it to ourselves, but we knew that the big things were being done and that the way to peace was being paved by their blood, sweat, and tears.

None of us went untouched. We felt the war, and each personality was altered in some small degree, and the school, in turn, reflected the sentiment which we felt. We were young and gay? Yes. But war leaves its impression on every mind, and we were trying to fortify ourselves for the tragic things it would bring. Perhaps we were fearful of those notices, "Missing—" or "Killed in Action"; perhaps we felt even more than we really mirrored in our actions.

—So this has been a year of war. Even though some of those who began the race with us have not been so fortunate as we, this school term has been an exceptional one. The gods have been generous; we are grateful.

And, yes, this yearbook is an exception. It will reflect something of the war, no doubt; and it is in your hands as an accomplishment only after much uncertain-ty which the times have brought.

The staff of this edition seeks but one reward. That is to know that between these covers and upon these pages you will find recorded an historical year when the student union you showed meant almost everything; that those precious mo-ments at J. C. J. C. will be preserved for you and for your happy recollection in years to come; that the picture we paint of Alma Mater will always beckon you home; and, finally, to know that the little battles we've fought on the campus, call-ing them "patriotic duty," will speed that day of victory, "when the lights go on again."

J. B. Young, President

*P*RESIDENT Young has endeared himself in the hearts of all the students principally because he understands young hearts. His manners are pleasing and his refined personality enlivens the school. This year made him a proud father to a daughter named Beverly Sue. He's all a president should be—understanding, scholarly, cooperative, and giving all his time as a dedication to the school of which he is the chief executive.

C. W. Jenkins, Principal

*M*R. Jenkins is a very dear favorite with the seniors. He has seen classes come and classes go, and he has that quality called "Technic" in managing students. One of the senior sponsors, he acts as counsellor and guides them safely through the hardships which usually befall students in their senior year. His very ideal pattern for students is "work alone and like it." He detests putting leisure to a disadvantage, and, as usual, his advice seems to be the best for the most.

CLASS POEM

Through the open window of the old study hall
 I see a leaf pause, then continue its fall
 And nestle to the ground, accepting its plight
 Passively; even scamper with delight
 When the wind doth blow.
 Envy for a leaf without life:
 Lifeless, thus free of a world of strife;
 Lifeless, thus free of plans to make
 For living in a world so full of hate.
 Lifeless, lifeless, forever free!

Then I think of the heathen and his pagan god;
 I think of a field full of golden rods;
 I think of my country, fighting but free,
 And of the many other blessings belonging to me,
 Nature and liberty and a living God
 Then happily I dismiss the leaf on the sod.

Living now seems not so sad,
 The job before me, not so bad.
 Who am I? Know thou not me?
 I am the class of '43!

—Jennie Lee Bartran.

W. C. Thomas, Principal

*M*R. Thomas is so much a part of his work that all students hold him high in admiration. The father of two attractive young daughters, he loves young people. At Junior High the students find him a constant friend, lenient, cooperative, and more of a "big father" than a school principal. Interest added to determination makes a very appropriate description. At the Thomas House the college girls know him best as a true 'dean' who maintains peace and order because he really knows how to get the most from students.

The C. A. A. War Training Service under the Navy was established at J. C. J. C. in 1940. The enrollment has increased from ten to forty cadets. These Naval Cadets between the ages of 18 and 26 are assigned to the institution each eight weeks from the Naval Aviation Cadet Selection Board, New Orleans, La., for 35 hours flight instruction and 240 hours ground instruction. This class is the ninth class trained here.

The Athenian Literary Society was organized in 1935. The name suggests the classical, artistic, and wise. That the club would be predominantly literary; that it would give opportunity to speak; that it would give an appreciation of real art and learning—that is its goal. The club this year feels that it succeeded in achieving these objectives at the annual banquet—the most outstanding event of the year. The officers are: President, Willodean McDonnical; Vice-President, Beatrice McDevitt; Secretary, Louise Brewer; Treasurer, Louise Bynum; Sergeant at Arms, Lyntene Keys; Reporter, Florine Buckley; Chaplain, Reve Stewart.

The Jones County Junior College Band has always been a great asset to the institution, enrolling every year a very large group of high school and college students. During the year it has performed at the many football games, at chapel ceremonies—such as the one for sending off the Army Reserves—and at the Christmas concert. As an educational activity it offers valuable training to the students along the lines of sight-reading, organization, and technique. Going through a series of changes this year, the band finally found a 'dependable' in Miss Katherine Breland of Hattiesburg.

The Baptist Student Union was organized on the campus in 1938. The organization is a connecting link between the local church and the student. It endeavors to strengthen the faith of the students on the campus. The B. S. U. is not only a local organization but also state and southwide. The biggest social event of the year was our Indian Pow-Wow Picnic. A council, to act as religious leaders, is chosen very prayerfully each year.

The Choir, as it is known now, is a cultural organization that participates in numerous activities. Outstanding appearances this year have been The Rotary Minstrel at Laurel, The Fall Recital, The Armistice Day Program, The Christmas Concert, and The Sacred Concert at the Ellisville Methodist Church. This year the officers have been Sam Farris, president; Leslie Stephenson, Vice-president; Robert Stephenson, Secretary; Bernard Powell, Reporter.

THE "E" CLUB

A RESUME OF COLLEGE ATHLETICS

Football

Prospects for a third straight state championship in football were very poor after an untied and undefeated team in 1941. So thought Coach John J. Read and Assistant Coach B. L. Graham as the 1942 football season arrived. Only four reserves were back, as most of the '41 team was in the armed services. A scoreless tie with Perkinson preceded the only defeat of the season handed the Bobcats. It was 12 to 7 in favor of Goodman. After brilliant wins over the rest of the teams, the Bobcats finished second only to Perkinson, who refused to play off the tie in a post-season game. After the season was over, however, the Bobcats played a swell game against Alabama Freshmen, but lost 12 to 0.

Roster—Alford, Blackledge, Brown, Beach, Dillard, Farris, Ford, Goodson, Hight, Hawkins, Howard, Kelly, McCallum, Miller, Montgomery, J. Smith, T. Smith, J. Batte, Mgr.

Basketball

The Jones County Junior College Basketball team is the Unofficial State Champion team of 1943. There was no State Junior College tournament this year, but the Bobcats won more games than any other Junior College, 12 out of 15 games for the season. The team was led by Harold Kelly and W. T. Blackledge who averaged 14 and 12 points per game respectively. Aiding these two boys in the fine showing that the team made this season were Clyde Hight, George Allen, Vondell Graham, Leslie Stephenson, Rudolph Smith, Henry Bucklew, Roy Brown, and Bobby Rayburn.

The Harrison Literary Society was organized December 14, 1924. It was named for the Honorable Pat Harrison, the great Mississippi Senator. Officers this session are Sam Farris, President; Vice president, James Hicks, Secretary, John Arthur, Reporter, Stanford Young; Sponsor, R. P. Webb.

The Lambuth Circle of the local Methodist church plays the part of "Big Sister" each year to the group. Meetings have been held bi-monthly, and the program material, "I Bind My Heart This Tide," has been used.

THE HARRY DENMAN CIRCLE

THE PEP SQUAD

The Pep Squad was organized early in the fall. At football games it marched with the band between halves, and helped to add entertainment to these occasions. It journeyed to Decatur and Wesson to back-up the team there. Then during the Red Cross drive it played its part in the school parade.

The club officers are: President—Etheree Gordon; Vice-President—Albie Iva Pugh; Secretary—Sammie Lindsey; Program Chairman—Wilma Dean McSwain; Reporter—James Williams.

THE following section is one of which the Radionian Staff, the students and faculty of the school can well be proud. It's a section of friends and their messages to us. They have our interests at heart, no doubt, and some, perhaps, remember their association with school publications when they were students. So with no further comment, permit us to present——

THE LAUREL STARCH PLANT has always enjoyed and deeply appreciated the full cooperation of the Agricultural High School and Ellisville Junior College authorities. All of the work by the Mississippi State College Experiment Station and the Bureau of Agricultural Chemistry and Engineering on varieties, fertilizers, and improved farm machinery is now being done on your campus

Now that we will shortly be engaged in the processing of dehydrated vegetables for the use of our armed forces overseas, it is more than ever necessary that all of our people work together to the end that not one of our own soldiers, nor of our Allies, should suffer because of our failure to produce.

Our very best wishes go with you as you finish your scholastic year, and we hope that the summer vacation and the work that follows will prove both profitable and pleasant.

They Just Don't Teach Some Things In School!

Take job printing, for instance. We learned what we know, right here in Ellisville, from experience, while all the time we were getting more and more business for Jones county advertisers. There's nothing like a good type job to attract and bring results! Give us your ideas and let us give you our estimates on a real print job!

In *Appreciation*

THE Radionian Staff is proud that this edition of the Commencement Special has been possible. When we look back over the year, we see clearly all the "rocks" in the road. And we would have done far less than we have had it not been for the splendid cooperation of all the students, of our sponsor, Miss Bettie Ridgway, and of our printer, Mr. F. B. Black. And it is with sincere appreciation that we acknowledge the kindness of such persons as President J. B. Young, Mr. P. G. Jones, and Mr. H. A. Dunahoo. We are deeply appreciative.
